

Top 4 Common Insurance Claims

01

Slip & Fall Injuries

The best way to avoid liability claims is to always place signs or warnings in your working area. The most common type of claims are medical bills from sprains, breaks, or other injuries.

02

Property Damage

Falling ladders, negative chemical reactions, and malfunctioning equipment can get you into a bit of hot water. Make sure to be aware, train your team, and always be safe out there!

03

Lost Keys

The cost of a business to replace keys or electronic badges and keys is expensive! Make sure you are being responsible with client's property, that means their keys!

04

Employee Theft

Dishonesty claims are very common and while you can't avoid them completely, you can make sure you are properly insured and bonded for your cleaning jobs.
